- Conduct, plan and direct my treatment and follow-up among the multiple healthcare providers who may be involved in that treatment directly and indirectly.

I have received, read and understand your Notice of Privacy Practices containing a more complete description of the uses and disclosures of my health information. I understand that this organization has the right to change its Notice of Privacy Practices from time to time and that I may contact this organization at any time at the address above to obtain a current copy of the Notice of Private Practices.

Financial Policy

Thank you for choosing Dermatology Specialists! Our practice firmly believes that a good physician/patient relationship is based upon good understanding and clear communication. We are committed to the success of your medical care and well-being. Please understand that payment for your financial responsibility is necessary for us to be able to continue to serve you and our community. To help avoid misunderstandings, our financial policy is in writing below.

Patients/guarantors are responsible for understanding their insurance benefits. We may be able to help explain your insurance but it is always best for you to speak with them directly as we do not have your plan agreement available to us. For example, many procedures performed in our office may apply towards your deductible or co-insurance. These are expenses that are beyond your specialist copay. You will need to know what your insurance responsibility may be.

All biopsies and mole removals performed in our office may be submitted for pathology for analysis. Some of the tissue may be processed in our in-office lab or sent to an outside pathology lab. Please note that depending on your benefits, you might receive a separate bill for pathology. **Tests and treatments performed in our office are necessary to ensure proper diagnosis and care for our patients.** Below are some examples of procedures (classified as surgery by most insurance companies) that could be applied towards deductibles and co-insurance:

- Biopsies and lesion removals. This includes all excisions for skin cancer and atypical moles or benign lesions.
- Liquid nitrogen for the destruction of lesions (warts and pre-cancerous lesions)
- Injections
- Photodynamic Therapy (PDT)

All copays and outstanding balances are due at the time of service unless other arrangements have been made in advance

Our practice accepts cash, checks, money orders, Visa, MasterCard, Discover and American Express as forms of payment. Returned checks will be assessed a fee of \$40. Please note that delinquent accounts will be subject to the services and fees of a collection agency.

I have read and understand the Financial Policy for Dermatology Specialists. I agree if it becomes necessary to forward my account to a collection agency, in addition to the amount owed, I will also be responsible for the fee charges by the collection agency for the cost of collections.
